 people or Jan. 14**

**Send your check with your reservation
 and if you show up, it will be returned.**

This **FREE** breakfast program is designed to give you info on what to anticipate with “Emerging Insects for Colorado in 2012”. Two speakers will present info to include these insects: Mountain Pine beetle, bark beetle, Emerald Ash bore, 1000 Canker in Black Walnut trees, Elm flea weevil, leaf minor and Bees & Wasps: ID, habits, differences, what stings and what doesn’t, and what they do.

Dr. Whitney Cranshaw: Professor of Entomology at CSU
 Dave Leatherman: Entomology Consultant

Yes, I want to attend this Emerging Insects program on Wednesday, January 18 at The Ranch Country Club, at I-25 & 120th Ave., Westminster, from 7:00 to 10:30 a.m. Send reservation to CALCP, 6456 S. Niagara Ct., Centennial, Co 80111, 303 850-7587.
